LOCAL PHARMACEUTICAL MANUFACTURERS**

After Compliments,

Sub: **Request to incorporate a section titled "Call for Reporting" in all educational materials**

As you all know, the concept of Pharmacovigilance has grown significantly in recent years and its importance in the healthcare system has been recognized worldwide. The main aim of Pharmacovigilance is to ensure that the medicines available in the country are safe and effective for everyone. It is needless to mention that the healthcare professionals play a crucial role in the Pharmacovigilance system.

In our constant endeavor to strengthen the Pharmacovigilance in Oman, we wish to request all MAHs and pharmaceutical establishments that any educational materials meant for distribution to health care professionals / patients / patient carers, Dear health professional communications, patient alert cards etc. should contain a section on:

"Call for Reporting"
