Sub. : Referral of Obstetric Expatriate Patients from Private Health Establishments

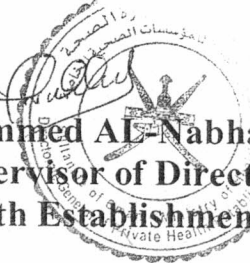

In reference to the letter No. MH/RH/DG/2013/111, dated March 2, 2013, and the letter No. RH/OBG/13/DG/026, dated 24th February, 2013 from the Directorate General of Royal Hospital, regarding the above mentioned subject.

Enclosed are the criteria of referral system of Obstetric Expatriate Patients to the Ministry of Health (Royal and Khoula Hospitals) for tertiary care from the private hospitals in Muscat. The criteria has been mutually agreed on by the two hospitals mentioned above.

Kindly, circulate these guidelines to all private health care establishments dealing with Obstetric cases in your governorate for their compliance. Enclosed list of health institutions providing Obs& Gynae services as per our data base.

Thanking you and best regards,

Saif Bin Mohammed AL-Nabhani
Advisor & Supervisor of Directorate General
of Private Health Establishments

Enclosed: copy of the above mentioned letters with the guidelines approved by both hospitals.

Re: Referral of Obstetric Expatriate Patients

We attach herewith letter dated 24.2.2013 from our Ag. Director of Obstetrics & Gynaecology, enclosing the guidelines for referral of obstetric expatriate patients to Royal Hospital and Khoula Hospital, and to the private hospitals which have consultant obstetricians.

We request you to kindly circulate these guidelines to all private healthcare establishments for their compliance, and to incorporate the same in the private sector referral manual being published by your directorate general.

Thanking you and with regards,

Qasem Al Salmi

Re: Referral of Obstetric Expatriate Patients to attend Royal Hospital

In view of the advancement of the private hospitals in Muscat, we have revised the referral system of Obstetric Expatriate patients to the Ministry of Health (Royal and Khoula Hospital) for Tertiary care. Enclosed is the criteria when to refer which has been mutually agreed by the two hospitals.

Kindly inform the Director of Private Health Establishment to inform the Private Hospitals accordingly.

Regards,

Thuria
