1. Registration

You can create or register a new account to use in the system using two different types: Individual and Company. You start from the **Login** page as shown below:

The screenshot shows a login interface titled "Login with Mobile PKI". It includes a sub-header "To use this login method, you need a PKI enabled SIM card" and a link "Learn More". Below this is a text input field labeled "Enter Mobile Number" with a mobile phone icon on the left. At the bottom is a dark blue "Login" button.

Click your mobile number and click **Login**, when the system recognizes that it is not registered in the system, it will navigate you to the following page:

The screenshot shows a "Select Account Type" screen with two options. The first option is "Individual", which requires a valid civil ID, email, and phone number. The second option is "Company", which requires a valid CR registered in the MOCI system and the user to be registered as a signatory/authorized for the selected CR. Both options have a right-pointing arrow.

You can select an account type by simply clicking on any of them.
