Policy and Procedure of Recognition and Responses to Clinical Deterioration

1. Introduction

Early recognition of signs of clinical deterioration followed by prompt and effective actions can minimize the occurrence of adverse events such as cardiac arrest, and immediate intervention is required to stabilize a patient.

2. Scope

This document is applicable to all nursing staff, doctors, the Quality Management and Patient Safety Department and the Administration of Al Masarra Hospital (AMRH).

3. Purpose

- 3.1 To provide clinical support for staff caring for an ill patients.
- 3.2 To improve early recognition, communication, and early intervention of deteriorating patient to avoid serious complications.
- 3.3 To reduce incident of cardiopulmonary arrests.
- 3.4 To improve patient safety and outcome.
- 3.5 To improve patient, family, and staff satisfaction.
- 3.6 To reduce hospital mortality rate.

4. Definitions

4.1. Rapid Response Team (RRT) is a multi-disciplinary team formed as per the AMRH Administrative Qarar stating staff positions including the leader and members accountable for conducting the process of immediate response to all patients with early signs of clinical deterioration. The rapid response team must consist of:

- 4.1.1. **Physician on-call (Team Leader)**
- 4.1.2. **A&E Psychiatrist or Second on call Psychiatrist.**
- 4.1.3. **Nursing Supervisor/Unit Nurse**
- 4.1.4. **Nursing Staff from Male Ward ½**
- 4.1.5. **Nursing Staff from Male Ward 5/6**

4.1.6. Nursing Staff from Female Ward 2

4.1.7. Patient Service Personnel/Public Relations Officer (PRO)

4.2. Modified Early Warning Scores (MEWS): is the total score which reflects the patient's physical condition to indicate clinical improvement or deterioration. It is obtained through a color-coded form of 'Track and Trigger' scoring system that detects changes in cumulative readings of patient's vital signs. It is available electronically in Al Shifa Health Information System with automated calculation and color-coding.

4.3. ISBAR Communication: is a standard tool of accurate communication consisting of information required in respect of the following five sections:

4.3.1. **I** : Identity

4.3.2. **S** : Situation

4.3.3. **B** : Background

4.3.4. **A** : Assessment

4.3.5. **R** : Recommendation

5. Policy

5.1. As per this policy, a set of minimum mandatory requirement must be implemented and followed by all health care workers concerned at AMRH to facilitate early recognition and immediate response to clinically deteriorating patients.

6. Procedure

6.1 All patients should have the following parameters recorded routinely:

6.1.1 Blood pressure

6.1.2 Pulse rate

6.1.3 Temperature (In centigrade)

6.1.4 Oxygen saturation

6.1.5 Level of Consciousness (LOC)

6.1.6. Urine output

6.2 Every patient in Al Masarra Hospital (AMRH) should have their vital signs measured and recorded at least every 8 hours in the Al Shifa 3+ system as applicable,

- 6.3 In the event of failure to obtain the required parameters, then the staff concerned must clearly document the reason in patient's clinical notes.
- 6.4 The assigned nurse must monitor the MEWS and undertake the necessary action as per the MEWS flowchart. (See Appendix 2.MEWS).
- 6.5 The assigned nurse must immediately notify the ward/shift charge nurse if the MEWS score reaches ≥ 1 . (See Appendix 3.MEWS Flowchart)
- 6.6 Ward/Shift in-charge Nurse must immediately activate RRT if **MEWS score reaches ≥ 3** .
 - 6.6.1. Dial **700 to record** the details of the event after hearing the beep sound, which must include the following
 - 6.6.1.1. "Patient Deteriorating" with MEWS score
 - 6.6.1.2. "Ward/Location"
 - 6.6.2. Then he/she shall immediately dial **701 to send the recording of the event details** in order to activate the RRT
- 6.7 ISBAR tool must be used throughout the communication process among the RRT. (See Appendix 1.ISBAR Communication Tool).
- 6.8 While waiting for a patient to be reviewed, the patient should be transferred immediately to the treatment room by the assigned nurse with assistance from other members of the available nursing staff.
- 6.9 While in the treatment room, the assigned nurse should ensure the following:
 - 6.9.1 The patient has a patent venous access
 - 6.9.2 All vital signs are recorded manually.
 - 6.9.3 Supplemental oxygen given to maintain SpO₂ >90%.
 - 6.9.4 Suction device is functioning and accessible.
 - 6.9.5 Pulse oximeter is attached.
 - 6.9.6 Crash cart is available in the treatment room.
- 6.10 The RRT must be summoned in the treatment room within the time scale as per the MEWS flowchart. (See Appendix 3. MEWS Score Flowchart).
- 6.11 A full action plan must be agreed, implemented and documented by each member of the RRT attending the case.

7. Responsibilities

7.1 Assigned Staff Nurse shall:

- 7.1.1 Be updated with and apply this policy in the standard care of patients.
- 7.1.2 Be skillful in monitoring and recording vital signs and MEWS.
- 7.1.3 Ensure immediate notification of clinical deterioration incident to ward/shift-in-charge nurse.
- 7.1.4 Record the incident in IRLS in al-Shifa system as per the IRLS policy.

7.2 Ward/Shift in-charge Nurse shall:

- 7.2.1 Ensure that all ward nurses are regularly updated on this policy and the use of MEWS score and the flowchart.
- 7.2.2 Monitor the compliance to the MEWS score recording and report any incident of non-compliance to the immediate supervisor.
- 7.2.3 Ensure that all nursing staff are well informed of the procedure of activation of RRT Code.
- 7.2.4 Ensure that the policy is strictly adhered to by all nursing staff concerned.

7.3 Nursing Supervisor/Unit Nurse

- 7.3.1 **Shall be updated on this policy.**
- 7.3.2 **Shall hold a valid certificate on BLS and ACLS.**
- 7.3.3 As a member of the RRT, shall undertake the tasks assigned by the RRT Leader
- 7.3.4 As member of the RRT, shall document the details of his/her assessment and intervention during the event in al-Shifa system.
- 7.3.5 Assign the nursing staff members of RRT from male1/male2 and male5/male6 and female2 at the beginning of each shift.
- 7.3.6 Ensure all nursing staff are updated on this policy by the ward/shift in-charges.

7.4. Head of Nursing Affairs Department shall:

- 7.4.1 Ensure all nursing staff are updated on this policy by nursing supervisors/unit nurses of

concerned wards.

7.4.2 Be updated of any incidents of non-compliance to this policy.

7.4.3 Be updated on the outcome of critical incident's investigation.

7.5 Physician on-call (General Medicine) shall:

7.5.1 **Be updated on this policy.**

7.5.2 **Hold valid certificates on BLS and ACLS.**

7.5.3 Undertake his/her role as RRT leader and execute responsibilities accordingly.

7.5.4 Assign roles and responsibilities to the attending RRT members.

7.5.5 Document the details of assessment and intervention during the event in al-Shifa system.

7.6 ED Psychiatry doctor / Second on call Psychiatry doctor shall

7.6.1 **Be updated on this policy.**

7.6.2 **Hold valid certificates on BLS and ACLS.**

7.6.3 Undertake his/her role as RRT member and execute responsibilities accordingly.

7.6.4 Document the details of his/her assessment and intervention during the event in al-Shifa system.

7.7 Nursing Staff from MW1/MW2 and MW5/MW6 and FW2 assigned as members of RRT shall:

7.7.1 **Be updated on this policy.**

7.7.2 **Hold valid certificates on BLS and ACLS.**

7.7.3 Undertake his/her role as RRT member and execute responsibilities accordingly.

7.7.4 Document the details of his/her assessment and intervention during the event in al-Shifa system.

7.8 Patient Service Personnel/Public Relations Officer (PRO)

7.8.1 Be updated on this policy.

7.8.2 Undertake his/her role as RRT member and execute responsibilities accordingly.

7.9 Quality Management and Patient Safety Department Staff shall:

Policy and Procedure of Recognition and
Response to Clinical Deterioration

AMRH/GM/P&P/001/Vers.02
Effective Date: January 2023
Review Date: January 2026

- 7.9.1 Investigate any incidents of violation of this policy.
 - 7.9.2 Submit investigation report of the incident to the hospital administration.
 - 7.9.3 Attend Morbidity and Mortality committee meetings and document the minutes of the meeting.
 - 7.9.4 Monitor implementation of the recommended action plan by the Morbidity and Mortality committee.
 - 7.9.5 Provide the hospital administration with updated report on the executed plan of action.
- 7.10 Hospital Administration Shall:**
- 7.10.1 Officially appoint the RRT.
 - 7.10.2 Attend Morbidity and Mortality committee meetings.
 - 7.10.3 Approve the finalized Morbidity and Mortality Reports.
 - 7.10.4 Lead implementation of action plan of improvement measures.
